

United States Embassy in Kazakhstan

Alumni Grants Program

Got ideas on a *community project*? Want to start a USG **alumni association**? Thinking about organizing a *networking* event for alumni?

The Public Affairs Section with the United States Embassy in Kazakhstan is announcing its annual **Alumni Grants Program** aimed at providing USG alumni with opportunities to implement and disseminate the concepts learned during exchange programs.

Alumni are encouraged to submit proposals aimed at initiation of a public or **community service program**; support **alumni association events**; organizing **training** programs or **conferences** for professional colleagues and other alumni; continued funding for existing **alumni centers**, and start-up costs for **alumni associations**; conducting networking **alumni events** and/or other projects that support democratic and economic reform initiatives.

This year, PAS would like to highlight the following priority small grant competitions within the Alumni Grants Program:

- The Best Alumni Association Proposal
- The Best Partnership between USG Alumni and American Corners
- The Best Alumni Proposal Involving Alumni Outside of Almaty and Astana
- The Best Community Service Project Organized by Alumni

Please remember that the more USG alumni you involve in your project, the better chance you give it to win.

More information about this amazing grant opportunity is available to download here:
